Item	Description	Qty	Rate	Total
4CPBCB	4' Classic Poly Bench  Vinyl Products are made of high density polyethylene raw material derived from post-consumer waste such as milk containers. The material is cleaned in a decontamination process to a purity level of over 99% DOPE. It is then compounded into rigid board stock material; the resulting finished product contains over 90% recycled consumer waste by weight.	5	349.572	1,747.86
